

# CategoryGSOC

Category that connects the pages related to the [Google Summer of Code](#) projects at Apache Tomcat.

To add a page to this category, add a link to this page on the last line of the page. You can add multiple categories to a page.

Please note, that because of how this page name is capitalized, you have to use the `}}` `{{` syntax to create a link here. See the source of this page.

**List of pages in this category:**
