

# FeedParser HelpingDevel

As [FeedParser](#) approaches 1.0 we need help in a number of areas:

- Publicize [FeedParser](#). We need more people to find [FeedParser](#). This includes a Freshmeat entry, Maybe a post to [JavaBlogs...](#) Maybe something on Javalobby. Maybe an O'Reilly article...
- Setup Bugzilla within Apache
- Fix the maven build so that it works correctly with 'jar'
- More documentation
- More unit tests
- Feedback
- More developers 🙄
- More testing
