CommitterReadme

If you are a committer on any ASF project, you may want to checkout the committers module from CVS. In particular, there is some useful information about ApacheCon under:

https://svn.apache.org/repos/private/committers/hackathons/

Also, if you want to have a little extra fun at ApacheCon US 2007, please consider signing up to be a session chair! Checkout all instructions and the signup file in:

https://svn.apache.org/repos/private/committers/docs/conferences/session-chairs-AC-US-06.txt
