

GeoCaching

The caches near the conference may be found [here](#)

If you wish to go geocaching with someone during the conference, please leave a note here. Or track down [RichBowen](#) at some point. He can probably be persuaded to take a caching trip or two.

I'll probably be going caching on Sunday for a few hours. I might also go caching on Wednesday afternoon, but it seems unlikely at this point. If you're going to be in town on Sunday and not attending any tutorials, please contact me. Or if you want to go caching some other time, please let me know, and maybe we can work out a quick trip. Thanks. [RichBowen](#)
