

# HackathonEU14

## Hackathons - [ApacheCon](#) EU 2014

There will be a general hackathon space provided at this event. You are encouraged to think ahead a little, and plan what your project might like to work on.

### httpd

- Documentation hackathon:
  - Identify topics that need tutorial-style documentation
  - Update existing tutorials where needed
  - Identify topics that would benefit from cookbook-style documentation
  - Continue discussion of architecture of site, and front page arrangement
  - Improvement of translator experience, and discussion of how to attract new translations
  - Website content review and improvements

### Apache Mesos

- **Date:** Monday, November 17th, 2014 hackathon
- **Participants:**
  - Dave Lester (Twitter)
  - Tim St Clair (Red Hat)
  - *Your Name Here*
- **Potential hackathon projects:**
  - [MetricsGrimoire](#) dashboard for Apache Mesos, similar to Ceph's <http://metrics.ceph.com/>
  - Improved Getting Started Documentation
  - HTTP API for Apache Aurora
  - *Your Idea Here*
