Us2005ApacheBooth

ASF Booth at ApacheCon US 2005

The Apache Software Foundation is planning to have its own booth on the expo floor at ApacheCon US 2005. Be part of it!

The purpose is to provide a public face for the ASF at the conference. Any ASF committers are welcomed - encouraged! - to sign up to help represent the ASF to our conference attendees. Expect attendees to ask about the ASF in general, and about any projects you are working on.

Planned Booth Hours

- Mon, 12th - 10:30AM - 06:30PM (beginning after the opening plenary/keynote)
- Tue, 13th - 09:30AM - 06:30PM
- Wed, 14th - 09:30AM - 05:30PM

Staffing Schedule

We are pretty flexible when it comes to the actual schedule but it would be nice to have some sort of project-specific representation like they had at Apache AtJavaOne2005.

We will have one hour slots for the individuals running the booth and a minimum of 2 people should always be available at the booth.

Please fill in your Apache ID below if you want to help out in staffing the booth - **we count on your support!**

Mon, 12th

slot	names of volunteers	projects
10:30AM - 11:30AM		
11:30AM - 12:30PM		
12:30PM - 01:15PM	Henri Yandell	Jakarta/Roller/Infra
01:15PM - 02:00PM	Eric Pugh	Jakarta/Commons/Turbine/Maven
