

MergingBranches

Merging Branches

This page helps keeping track of merging back the changes already done in the 2.2-dev repository (trunk) to the 2.1.x branch.

URGENT

There are some changes which claimed to be in 2.1 and actually not in 2.1, and changes which are in 2.1 but not in 2.2. Please review the list and help to reconcile discrepancies before a release:
(The original [mail](#) by Vadim)
