Excalibur Quarterly Report for June 2006

Items of note

- No new committers.
- No new PMC members.
- No new releases.

I thought the last quarter was quiet, but this quarter was quieter still. The stats are as follows:

- Only 2 non-automated messages on the dev list
- No email traffic on the users list
- No svn commits since April

I know there is interest to do another release, mostly based on switching to maven 2 and OSGi compatibility, but thus far no concerted effort has materialized.

best regards,
