

BoardReport2008Jul

July 2008 Conference Planning Committee Board Report

Status report for the Apache Conference Planning Project (July 2008)

General News

- * There are no board-level issues at this time.

ApacheCon US 2008 News

- * A press release announcing the opening of registration and the show website has been issued, and additional announce emails will be coming this week, including discount codes for committers.
- * The OFBiz PMC has produced a proposed schedule for the OFBiz Symposium tracks that will be held at ApacheCon, which will be integrated into the website for all attendees.
- * We will reminder US attendees that the US presidential elections are happening the Tuesday of ApacheCon.

OSSummit Asia 2008 News

- * We are in the final stages of scheduling a small (~10 speaker) low-cost one-day "road show" event that will travel to Shanghai and Beijing in early December. We are trying to determine which speakers from our original program are available and then build a suitable program around that.
