

BoardReports July2012

Apache Rave is a widgets-based, web-and-social mashup platform.

ISSUES

There are no issues requiring the board's attention at this time.

COMMUNITY

The meetup in Utrecht, The Netherlands was a success with ~25 participants and renewed interest from organizations aware of, but not directly contributing to, Rave. Rave will be participating in the Apache@OSCON events. The OpenSocial Foundation is also sponsoring a combined meetup with Apache Shindig.

COMMITTER/PMC CHANGES

No committer or PMC changes since the last report.

RELEASES

A release was planned, but canceled due to a critical bug.

ACTIVITY

Activity remains high and continues to be centered around cleanup. The beginnings of the roadmap have been started, but nothing solidified.

PRESS

Nothing to report.

BRANDING

The PMC has executed the suitable name search again and has not found anything of concern.
