

BoardReports July2014

Apache Rave is a widgets-based, web-and-social mashup platform.

ISSUES

There are no issues requiring the board's attention.

COMMUNITY

There has been significant new activity from a couple of new developers looking to push the project forward.

COMMITTER/PMC CHANGES

08/29/13 - Dan Gornstein was added as a new committer & PMC member.

RELEASES

01/07/14 - 0.23 released.

ACTIVITY

All of the new activity is centered around finishing the front-end separation using Angular JS. The code has also moved to Git and the community is developing workflows for accepting submissions through the git hub mirror.
