## Women Wiki

The women@apache group was formed to help women become active in projects at Apache. Activities have moved to the Community Development PMC. See <a href="http://community.apache.org/">http://community.apache.org/</a> and write to dev AT community.apache (which is a public mailing list) for any questions.

#### women@ starting points

- HOWTO Encourage Women (in Linux) a good starting point

#### Wiki starting points

Interesting starting points:

- RecentChanges: see where people are currently working
- WikiSandBox: feel free to change this page and experiment with editing
- FindPage: search or browse the database in various ways
- SyntaxReference: quick access to wiki syntax
- SiteNavigation: get an overview over this site and what it contains

#### How to use this site

A Wiki is a collaborative site, anyone can contribute and share:

- Edit any page by pressing <<GetText(Edit)>> at the top or the bottom of the page
- Create a link to another page with joined capitalized words (like [WikiSandBox]) or with [ "quoted words in brackets"]
- Search for page titles or text within pages using the search box at the top of any page
- See HelpForBeginners to get you going, HelpContents for all help pages.
