

Harmony Native Code And Assembly Resources

Assembly

- [Christopher Browne's assembly language resources](#)
- [Mac OS X Assembler Guide \(Covers PowerPC instruction set/more\)](#)
- [slide preso with a really basic assembly/etc intro \(also explains gcc toolset/gas/etc\)](#)
- Gene Davis's Real Geeks Assemble: Beginning Assembly Language (on PPC) ** [chapter 1](#) ** [chapter 2](#)
- [VM Instruction set \(itself an assembler language basically\)](#)
- [JVM Instruction Set from Compiling Pascal to Java](#)

Tools

- [binutils including objdump which can disassemble native code \(useful for seeing just how good/bad the code you generated is\)](#)
