

Trinidad

Trinidad is a [JavaServer](#) Faces component library that is a subproject of Apache [MyFaces](#). (It was formerly known as ADF Faces.)

Using Apache Trinidad

- *[from_ADF_to_Trinidad](#) - a migration path from ADF Faces to Apache Trinidad
- *[Building_Trinidad_With_Maven](#) - Maven build instructions
- *[Facelets_with_Trinidad](#) - Using Facelets with Trinidad
- *[Trinidad_JSF12_Support](#) - Using the JSF 1.2 branch of Trinidad
- *[Trinidad_and_JSF_1.2](#) - Trinidad and JSF 1.2
- *[Jetty_and_Trinidad_Demo](#) - POM file that adds Jetty6 support to Trinidad Demo
- *[Trinidad_And_Seam](#) - Using Trinidad with Seam
- *[TrinidadSeamAjax4Jsrf](#) - Using Trinidad with Seam and ajax4jsf
- *[Partial-page_rendering](#) - Using Trinidad's partial-page rendering
- *[Trinidad_and_JDK_1.4](#) - Using Trinidad with JDK 1.4
- *[Trinidad_and_Common_Logging](#) - Redirecting the Trinidad Logs to Common Logging
- *[Trinidad_and_SpringWebFlow](#) - Using Trinidad in conjunction with Spring Web Flow

Latest JAR and WAR files for Trinidad

- *[Trinidad-Snapshots](#) - The latest build of Trinidad can be downloaded here.

Tutorials

- *[Apache Myfaces Trinidad with Eclipse - Tutorial](#) - Introduction in using Apache [MyFaces](#) Trinidad

Documentation for the Trinidad releases

- *[TrinidadReleasePlans](#) The roadmap for upcoming releases
- *[TrinidadReleaseProcedure](#) What to do for getting a release out?
- *[TrinidadCreating12Branches](#) How to create a Trinidad 1.2 branch (prior to a 1.2 release)?

Documentation for Trinidad

- *[here](#) - Some documentation from `mvn site`
- *[Trinidad_RenderKit_test_framework](#) Using the [RenderKit](#) test framework

Users of Trinidad

- *[Companies_using_Trinidad](#) - List of Companies / Institutions using Trinidad.

getting involved

- *[Trinidad involved](#) - resources for helping out on the development
- *[Trinidad ToDo](#) - to-do list for Trinidad

Maven2 stuff

- *[Trinidad_Archetype](#) - A Maven2 archetype for Trinidad
- *[Trinidad_Plugins](#) - Maven2 plugins created for Trinidad

miscellaneous

- *[Trinidad_FAQ](#) - Frequently asked questions
- *[Trinidad_Skinning_FAQ](#) - Frequently asked questions and tips specific to Trinidad's skinning feature.
- *[Trinidad_renaming](#) - wiki page for the planed component renaming
- *[Trinidad_refactoring](#) - wiki page for the planed refactoring
- *[Trinidad_converter_validator_changes](#) - wiki page for minor changes on validator/converter attributes
- *[Trinidad_third_party_components](#) - wiki page for linking external components

Tomahawk

- *[Tomahawk_HTML_Editor](#) - Tomahawk HTML editor
