

# Tapestry5Training

You can find here a Tapestry 5.1.0.5 Training materials, used by the Atos Worldline WebPlatform Team. All the files (videos and project files) should be updated very often. They will support Tapestry 5.2.6 very soon. Please send us your feedbacks (via vimeo for example), in order to improve the Training.

All the files of the project are available on [Github](#).
