

# ExternalResources

Ant's own [resource page](#) lists a lot of links, books and articles. Here are some more.

## Books

- *IBM Rational® ClearCase®, Ant, and CruiseControl: The Java™ Developer's Guide to Accelerating and Automating the Build Process* by Kevin A. Lee published by IBM Press - <http://www.ibmpressbooks.com/title/0321356993>
- *Java Development with Ant* by ErikHatcher, SteveLoughran published by Manning Publications - <http://www.manning.com/hatcher/index.html>
- *Ant in Action* by Steve Laughran and Erik Hatcher published by Manning Publications - <https://www.manning.com/books/ant-in-action>
- *Ant: The Definitive Guide* by Jesse E. Tilly and Eric M. Burke published by O'Reilly - <http://www.oreilly.com/catalog/anttdg/>
- *Apache Ant - The Buildmeister's Guide - Second Edition* by Kevin A. Lee <https://github.com/akevinlee/buildmeister/tree/master/books>
- *Java Tools for Extreme Programming: Mastering Open Source Tools, Including Ant, JUnit, and Cactus* by Richard Hightower, Nicholas Lesiecki ( ErikHatcher contributed to Ant sections ) published by John Wiley & Sons, Inc. - <http://www.wiley.com/cda/product/0,,047120708X,00.html>
- *Ant. Das Java Build-Tool in der Praxis* von Bernd Matzke, Addison-Wesley, <http://www.addison-wesley.de/main/main.asp?page=deutsch/bookdetails&productid=13459&SID=\{18BA3C59-985F-4E1B-8463-4A60D29D2EED\}&TOKEN={2EA05B80-7976-432C-B8A5-4520CDFB1113}>
- *Ant: The Java Build Tool in Practice* by Bernd Matzke, Charles River, <http://www.charlesriver.com/titles/ant.html>
- *Java-Entwicklung mit Ant* (ErikHatcher, SteveLoughran translated into Deutsch) <http://www.mitp.de/vmi/mitp/detail/pWert/1409/titel/Java-Entwicklung%20mit%20Ant>

## Documentation

- Appendix E of *Java Development with Ant* is included in the Ant 1.5.1 distribution
- Ant 1.5.1 Core Task Examples Quick Reference: [http://www.discursive.com/articles/2003/01/ant\\_core\\_ref.html](http://www.discursive.com/articles/2003/01/ant_core_ref.html)  
 Broken Link!

## Presentations

- [Ant and JUnit](#) Junit and how to run it from Ant
- [Ant1.7](#) Presentation based on Early Ant1.7; some things may be incorrect
- [Testing](#) Why those tests matter

## Other

- [Ant Resources](#) - Articles, Books, FAQs, Forums, Presentations, Tutorials, Wiki.
- [Ant Forum](#) - Browse or search Ant mailing list posts archived by [Nabble](#). Users can also create sub forums to expand discussion.
- [Comment déboguer un script Ant](#)  - by Vincent Brabant -[fr], How to debug a build.xml file with Netbeans?
- [Ant Specialist Search](#) - provided through Google co-op functionality. (homepage gadget coming soon)
- [Apache Ant Training](#) by [DevelopIntelligence](#).
