Board-Report May 2020

Description:
The mission of Turbine is the creation and maintenance of software related to a
Java Servlet Web Application Framework and associated component library.

Issues:
No board-level issues currently.

Membership Data:
Apache Turbine was founded 2007-05-16 (13 years ago) There are currently 11
committers and 9 PMC members in this project. The Committer-to-PMC ratio is
roughly 6:5.

Community changes, past quarter:
- No new PMC members. Last addition was Jeffery Painter on 2017-11-12.
- No new committers were added. The last change to the committer base was the
 addition of Georg Kallidis (2012/09/19).

Project Activity:
- Turbine 5.0 Maven Archetype 1.0.3 was released on 2020-03-20.
- Code changes in components are on low/medium level: Small bugfixes, update
 trunk dependencies to Torque-SNAPSHOT and preparing switch to Docker
 environment in Maven Archetype trunk.
- Site Design updates in preparation.

Community Health:
- Engagement of PMC in related project Db/Torque is still strong, which will
 be the major change to an upcoming Turbine core release.
- Torque integration gets the focus right now, but we should be open to allow
 for changes, if this step is done, which will open up development again more.
