

MeetingBadSaeckingen2009Ideas

Contributions

- Divide contributions area into stable / unstable
- Establish approval process for contributions to move from unstable to stable
 - Licensing
 - Documentation
- Easier way for non-committers to contribute code (external repo?) (see and comment [ModContrib])

Conclusion:

- Setup wiki pages for external contributions
- Give advice / recommendations for hosting
- Will be decided on mailing list

Requested Features

- in english here, and other ideas [ModulesIdeas]
