

JoanV24

They call me Elwood but I never really liked that phone.

What I really enjoy doing is digital art but I can't make it my profession really. Interviewing has been my day job for a while and the salary has been really fulfilling. Some time ago I decided they would live in New Hampshire. I am running and maintaining weblog here: <http://www.youtube.com/watch?v=4h6UznKcAWM>
