

BoardReport-November2010

Apache Turbine Project Board Report, November 2010

Status

The Turbine project has as usual seen fairly low levels of activity in the last quarter.

The Turbine project has no board-level issues at this time.

Project Branding Board Report Checklist - TBC

The requirements are acknowledged, but not yet addressed.

- Project Naming And Descriptions : use proper Apache forms, describe product, etc.
- Website Navigation Links : navbar links included, link to www.apache.org included
- Trademark Attributions : attribution for all ASF marks included in footers, etc.
- Logos and Graphics : include TM, use consistent product logo on your site
- Project Metadata : DOAP file checkedin and up to date

Community changes

No new committers were voted in since the last board report.

No new PMC members were voted in since the last board report.

A vote is underway to elect a new PMC chairperson.

Turbine core project

The Turbine core project continues with occasional commits.

No beta or final releases were made since the last board report.

Fulcrum component project

Work on migrating the build process of the Fulcrum components to Maven 2 continues thanks mostly to Siegfried Goeschl.

Releases this quarter:

- 2010-11-12: fulcrum-pbe 1.0.1
- 2010-11-12: fulcrum-hsqldb 1.0.0

META project

There has been no activity on the META sub-project in this quarter.

No beta or final releases were made since the last board report.
