

BoardReports

Find all current **published Board Reports** [here](#).

- As part of the Apache Software Foundation we must report to the board about our activity. These reports are quarterly due and public.
- Reports are due in mid-August, November, February and May of each year.
- All Turbine reports are published [here](#).

Reports are normally written by the PMC Chair, with contributions from the PMC and community. [Turbine website](#) shows the reports before 2013. If you have a contribution that is to be considered private, please email it directly to the Turbine PMC (private AT [turbine.apache.org](mailto:private@turbine.apache.org)).

Pending Reports

Board meetings take place on the 3rd Wednesday of each month - reports are required a week before that.
