## ASF Booth at [ApacheCon](#) Europe 2005

The Apache Software Foundation is planning to have an additional, own booth at [ApacheCon](#) Europe 2005. Be part of it!

### Planned Booth Hours

- Wed, 20th - 10:15AM - 06:30PM (beginning after the opening plenary/keynote)
- Thu, 21st - 09:30AM - 06:30PM
- Fri, 22nd - 09:30AM - 06:30PM

### Staffing Schedule

We are pretty flexible when it comes to the actual schedule but it would be nice to have some sort of project-specific representation like they had at [Apache AtJavaOne2005](#).

We will have one hour slots for the individuals running the booth and a minimum of 2 people should always be available at the booth.

Please fill in your Apache ID below if you want to help out in staffing the booth - **we count on your support!**

## Other Information

Presumably we will have a bunch of lovely tri-fold ASF flyers which where produced for [ApacheAtJavaOne2005](#) just one month ago. We will also have Wireless LAN but you will have to bring your own equipment if you plan to do some sort of presentation.
