ARRIVING

To help people lift share, or just meet a friendly face for the trip up from the Airport, please list your arrival and departure plans here.

Only the adventurous should take bus/train (prices are not easy to guess and fines are hefty). Details for those who want to try it are in the [Budapest tips page](#).

The airport has a official shuttle service: [airport shuttle](#)

Information on how to get to the venue is provided by [The Hotel](#) and [The Linux Foundation](#)
