

# GoogleSummerOfCode

## Ant & Google Summer of Code

This page is intended for collecting ideas for submissions to GSoC. So we will be prepared for an eventual GSoC 2010.

### Some facts from the 2009 GSoC

Homepage of GSoC is <http://code.google.com/soc/>

Timeline published on <http://socghop.appspot.com/document/show/program/google/gsoc2009/timeline>

Apache WIKI for submissions is on <http://wiki.apache.org/general/SummerOfCode2009>. This is the page where Apache collects submissions from all projects.

### Proposal template

#### Title

**Possible Mentors:** Me, [SomeoneElse](#)

**Description:** What should be achieved?

### Mapping from the template to Apaches template

Apache Template	Ant Template
Subject ID	<i>assigned later</i>
Title	Title
ASF Project	<i>always <b>Ant</b></i>
Keywords	<i>collect them later</i>
Description	Description
Possible Mentors	Possible Mentors
Status	<i>assigned while running the GSoC</i>
