BKChung

My actual name is Bong Kyum, Chung, but as it turns out, nobody that's not korean can pronounce it correctly. So i just shortened it to BK, Chung. People like it and i like it, kewl! settled 🙂

I'm a member of Jakarta-Seoul Project(Translation Project for Jakarta Projects).

If you're ok with Hangul, try my homepage.

My company, Trugate, inc. is a company doing biometrics related stuff. What does it have to do with cocoon? nothing 😛 I'm using Cocoon just for studying and for fun!
