

ChristianMeyer

([Gera](#), Germany)

I am a software developer since 2001 in the [GODYO AG](#) in Jena. My main task is java engineering with cocoon (unsuccessfully only as user this time). We realized 5 projects with cocoon in different big companies in the last 2 years.

After a visit to the Vienna Cocoon Stammtisch I plan to organize an own Cocoon Stammtisch for the easter of Germany ([\[\[CocoonUserGroupMitteldeutschland\]\]](#)).
