

MichaelMelhem

Hi, Im a web developer/consultant currently working for a large financial institution in Frankfurt Germany.

Im very keen on Open Source and its application as a practical and scalable solution for the real world.

I have particular fondness for Apache technologies especially Cocoon.

The following are some of the areas of Cocoon I have contributed to:

- [Caching Point Pipelines](#)
- [Pipeline Hints](#)
- [Control flow Expire Continuations](#)

Here is where you can find [my Apache homepage](#), contact me on michaelm@apache.org
