- Subject: Excalibur PMC Board Report

This is the march board report for the excalibur project.

- no new committers.
- no new PMC members.
- no releases.
- there has been some interaction with the Apache Jakarta Turbine project, users of avalon-framework, with the prospective of more co-operation happening in the future.
- work has been started on "fortress-platform", an effort to make it easier to use our Fortress container.
- most other activity has been maintainance work and bugfixing.

best regards,

Leo Simons on behalf of the Excalibur PMC
