JakartaBoardReport-March2007

March 2007 Jakarta Board Report

Status

Chair to summarize Jakarta-wide news + the current state of affairs.

Releases

- 13 February 2007 Commons Fileupload 1.2 Released
- 17 March 2007 Commons HttpClient 3.1-rc1 Released
 18 March 2007 Commons Transaction 1.2 Released
- 18 March 2007 Jakarta Regexp 1.5 released

Community changes

Ant Elder - Voted as a committer for the BSF.

Infrastructure news

Changes to the projects infrastructure. Migrations to Subversion, new vmware instances etc.

Subproject news

News related to various subprojects, if they have news. Volunteers for subproject news are desired, otherwise the Chair is responsible for finding out said news (and should mark that they had to do so).

BCEL

Ant Elder - Voted as a committer for the BSF.

FileUpload

The release 1.2 of Commons Fileupload 1.2 introduces a new streaming API, which allows to use the library with arbitrarily large files and an extremely low memory profile.
