

# ANNOTATION

## Overview

ANNOTATION - java.lang.annotation

A module in the [ClassLibrary](#).

## Status

The annotation module has been started. Currently only the interface, exception and error class files are present. Until the JVM gets a bit farther, we can't create the meta-annotation class files.

JAPI Harmony/JDK5 Report - [http://www.kaffe.org/~stuart/japi/htmlout/h-jdk15-harmony.html#pkg\\_java\\_lang\\_annotation](http://www.kaffe.org/~stuart/japi/htmlout/h-jdk15-harmony.html#pkg_java_lang_annotation)

Check the [component\\_development\\_status](#) page for the status of other [ClassLibrary](#) modules.
