

CompatibilityTable

Compatibility Table

The following table summarizes the compatibility of MRQL:

Apache MRQL Release	Apache Hadoop Release	Apache Hama Release	Apache Spark Release	Apache Flink Release
0.9.0-incubating	Hadoop 0.20.x and 1.x	Hama 0.6.2	Spark 0.8.1-incubating	
0.9.2-incubating	Hadoop 1.x and 2.x	Hama 0.6.2, 0.6.3, and 0.6.4	Spark 1.0.0 and 1.0.2	
0.9.4-incubating	Hadoop 1.x and 2.x	Hama 0.6.2, 0.6.3, and 0.6.4	Spark 1.0.0 and 1.0.2	Flink 0.6-incubating
0.9.6-incubating	Hadoop 1.x and 2.x	Hama 0.6.2, 0.6.3, 0.6.4, and 0.7.0	Spark 1.0.0 through 1.6.0	Flink 0.10.1 and 0.10.2

(NOTE) By default, MRQL 0.9.6 uses Hadoop 2.7.1 (Yarn), Hama 0.7.0, Spark 1.6.0, and Flink 0.10.2. To build MRQL on some other Hadoop 2.x (Yarn), such as 2.6.0, use:

```
mvn -Dyarn.version=2.6.0 clean install
```

To build MRQL on Hadoop 1.x use:

```
mvn -Dhadoop1 -Dhadoop.version=1.2.1 clean install
```
