

FredTarasevicius

aka FreddyT or Frederic Tarasevicius. I've created various rules for the [SpamAssassin](#) project in the past, always trying to help out where I can. I'm currently the maintainer / creator of the following rulesets:

00_FVGT_File001.cf 70_sare_oem.cf
70_sare_random.cf 70_sare_spoof.cf
88_FVGT_Tripwire.cf 70_sc_top200.cf

I contribute to SARE and the SA devs when I find the ability to provide something useful 😊
