InfinityMail

InfinityMail offers zero cost, managed messaging services for enforcing email compliance with encryption and archiving tools, providing email availability through disaster recovery services, and improving protection of employee inboxes from viruses and spam.

Our complete line of services include message archiving, spam, phishing and virus filtering, disaster recovery, and email encryption and supports multiple e-mail platforms such as Microsoft® Exchange and other SMTP-compliant servers for filtering and email encryption. These managed services provide value to corporate customers by requiring no upfront capital investment, minimizing IT management overhead, and removing incoming email threats before they reach the corporate firewall.

Why InfinityMail?

1. Better Accuracy and effectiveness. No false postives.

2. No hardware or Software Investment.

3. Easily integrates into your existing network.

4. Support for Ms Active Directory & Exchange 2003.

5. Superior Tech support & Service.

6. Stops Viruses, Spyware and Spam before it gets to your corporate network.

7. Zero Cost. Free services for 100 or less mailboxes.
