

Nitin.sharma

Nitin Sharma

I have been working on Apache solrcloud and lucene related search architectures since 2011. I am the author of a few libraries that provide high availability features to solrcloud and zookeeper

1. <https://github.com/bloomreach/solrcloud-haft>
2. <https://github.com/bloomreach/zk-replicator>

My github account is: <https://github.com/nitingithub>
