MarkBruns

Mark Bruns

CTO of Salebarn, LLC. Salebarn is intrigued by Hadoop for handling data from the internet of things, machines, sensors, actuators, realtime and fault-tolerant systems ... we care about data from social networks [of people] too ... we are also extremely excited about the cutting-edge, uniquely-innovative nature of Apache Hadoop ... our clients in the world of genetics, animal health, soil science, reliability and condition monitoring, supply chains, manufacturing and real estate.
