

# ToDoList

[ToDoList](#) is the list of activities that we are undertaking, that might not have an owner assigned. If you see an item that you can help out with, sign up for it [here](#).

This page is experimental. We have email lists and access to the JIRA issue tracking tool, but it might be easier to discuss items on this wiki.

Project	Activity wiki page	Description	Who	Expected Completion Date
JDO TCK 2.0	TechnologyCompatibilityKit	Tasks listed on the <a href="#">ToDo</a> list on the TCK page	various	tbd
