Reorg

NOTE: Writing down my *personal* thoughts for a reorg of ws projects

Project	Notes
Addressing	Not much traffic/activity. Can we collapse this into Axis 1.X since it is specific to that version
EWS	Not much traffic/activity. Archive it?
Mirae	Not much traffic/activity. Archive it?
Muse	Not much recent activity. Can we do one single project with Muse/Pubscribe/WSRF
Pubscribe	Not much recent activity. Can we do one single project with Muse/Pubscribe/WSRF
WSRF	Not much recent activity. Can we do one single project with Muse/Pubscribe/WSRF
Scout	Donate to Geronimo?
SOAP	Time to pull the plug? Archive it?
TSIK	Not much traffic/activity. Think about stopping incubation?
WSIF	Last legs? Time to pull the plug?
