

ApacheAtJavaOne2005

Apache has a booth at [JavaOne](#) 2005.

NOTICE : Badge Process Will be Here

We have a limited number of badges and have to carefully manage and track them to ensure that we can have as many people at the booth as possible. Please watch this space for more information. The protocol will be something like :

1) We'll have several contact #'s to call for help

Geir : +1 203 665 6437

2) Project reps that need a badge to access the show should arrive 5 mins in front of Moscone South. Someone from the booth will meet you with a pass.

PLEASE NOTE CHANGE TO MOSCONE SOUTH. THE EXHIBIT HALL IS THERE BUT YOU CAN'T GET IN W/O BADGE

3) We must give the passes back and keep careful control so we don't find ourselves unable to get in - WE HAVE ONLY A LIMITED NUMBER.

WATCH THIS SPACE

Booth Hours

June 27 : 11am-6:30pm

June 28 : 11am-7pm

June 29 : 11am-7pm

Staffing Pool

Please put your name next to the project you wish to help represent. If your project isn't on the list, add it. Also, please put down the times when you "cannot" attend. Also, put your name in as many projects as you can. That way we have flexibility in covering all the slots - we'll work to minimize each person's time commitment.

Project	Representatives
Geronimo	Geir, Dain, Jeremy, David, Jeff Genender, Jules
Harmony	Geir, Ian Darwin
Xalan	John Gentilin
Jakarta	Martin Cooper, Tim O'Brien, Scott Sanders, Felipe Leme, Don Brown
Portals	David Taylor
HTTPD	Sander Temme, Justin and Aaron
Web Services	Glen Daniels, Ian Springer
Ant	Conor MacNeill
Maven	Jason Van Zyl, Brett Porter, Felipe Leme, Dan Diephouse (not on 29th)
MyFaces	Bill Dudney, Manfred Geiler, Thomas Spiegl, Martin Marinschek
Struts	Martin Cooper, Don Brown
Tomcat	Ian Darwin, Tim Funk

Schedule

- == project confirmed time. Please make sure each slot has two

Date	11am-1pm	1pm-3pm	3pm-5pm	5pm-7pm
6/27	Geronimo*/Jakarta(Scott)*	Harmony*/Struts	Xalan/Tomcat	Jakarta/Ant*
6/28	Portals*/WS	HTTPD/Geronimo	MyFaces */Harmony	WS
6/29	Ant*/Portals*	Maven*/Ant*	Struts/HTTPD	Tomcat/Xalan

Marketing Material

1) We will have lovely tri-fold pamphlets to give out. 10k of them in fact. Give them out. Scott Sanders will be bringing the brochures, trying to get them to the booth before 11am.

2) We are part of the J2EE "Treasure Hunt" - people will come by the booth to get a stamp for a "treasure map" - if they get enough stamps, they get a book. We should try to make them hear a 10 second pitch about the ASF or the projects there, and take a pamphlet?

3) We will be raffling off some free books. We'll have a hat or a container for business cards, and we're going to have a drawing at a set time each day the Pavilion is open. People have to be present at the drawing, so we don't have to worry about mailing books to winners. [TO: every day at 5 PM is a good arbitrary number. The Pavilion is open from 11:00 AM to 6:30 PM on Monday, and to 7:00 PM on Tuesday and Wednesday, so 5 PM is a good, round number. I'll be there to pick up/drop off books on Monday AM.]

- Could you author guys check with yours respective editors/publishers if that would be possible?
 - List of Donated Books
 - Maven: Developer's Notebook - 5 copies (could be 10 if we don't get enough for Monday)
 - Publishers
 - O'Reilly - Contacted - should be dropping off some titles Monday AM
 - Manning -
 - Wrox -

Related Presentations

It might be a good idea if we could have a quick handout of sessions, BOFs, and events related to the ASF.

This has been "completed", will be printed on Sunday. **Please review this PDF by Sunday Morning.** <http://brahe.discursive.com/ASF-JavaOne.pdf>

JavaOne Sessions, Labs, and BOFs

You can view the current session, BOF catalog at this url: https://www28.cplan.com/javaone05_93_1/sessions_catalog.jsp

Other Events Involving ASF projects

Here's a section for other presentations not on the official conference list. Please add more to this list as you see fit.

Date/Time	Location	Title	Project	Who
6/27 6:30PM	Oracle Booth	Project Automation and Management with Maven	Maven	TO
6/28 11:30AM	Oracle Booth	(ditto)		
6/29 2:00PM	Oracle Mini-theatre	Apache MyFaces - Open Source JavaServer Faces	MyFaces	Manfred Geiler, Martin Marinschek, and Thomas Spiegl

Apache Web Of Trust

Just a reminder that conferences are a great time to swap fingerprints for public keys used to sign ASF releases. The Apache Web of Trust still needs [a lot of work](#). Public key signatures are an increasingly important part of the ASF infrastructure. So, please make remember to have your fingerprint with you.
