MeetingBadSaeckingen2009

- [MeetingBadSaeckingen2009Ideas]

The community of the Apache Lenya project would like to invite you to the next user and developer meeting in Bad Säckingen, Germany. The meeting will take place on Thursday, June 25, and Friday, June 26. The meeting allows users from various organizations to exchange their experiences and best practises, and to make suggestions for improvement to the developers. The focused atmosphere enables the community members to discuss important matters affecting the future of the project as well as particular implementation details.

The BeCompany provides a budget to support community members who want to give a talk, but are attending privately and have trouble financing the accommodation. Please contact us at contact(at)becompany.ch.

- Cocoon 3 - what the future brings (Thorsten Scherler)
- …

<<FootNote>>

1. That website is in desperate need of a redesign. And maybe a new CMS?
