

ReleaseProcess

THIS MATERIAL HAS NOW BEEN INCORPORATED INTO THE CONTRIBUTORS GUIDE

Overview

(with thanks to Zoe Slattery)

Other Resources

- General release process rules:
 - <http://www.apache.org/dev/release-publishing.html>
 - <http://www.apache.org/dev/release.html>
 - <http://www.apache.org/dev/publishing-maven-artifacts.html>
- Podling release management:
 - http://incubator.apache.org/incubation/Incubation_Policy.html#Releases
 - <http://incubator.apache.org/guides/releasemanagement.html>
- also a fantastic write-up (so Mark tells us) about how to release using the stuff inherited from org.apache:apache-parent:7 (as we do).
 - It was put together by Donald Woods, and can be found at <http://incubator.apache.org/bval/cwiki/release-process.html>
- Aries documentation also worth consulting <http://aries.apache.org/development/releasingaries.html>
