Apache Geronimo Board Report - 2013-01 - January

Apache Geronimo Board Report

Apache Geronimo is an open source server runtime that integrates the best open source projects to create Java/OSGi server runtimes that meet the needs of enterprise developers and system administrators.

The community has not generated any new releases in the past 3 months. There has been discussion of a Geronimo 3.0.1 release.

Releases

No releases

JUGs and Conferences

Community

The Geronimo web site is being migrated to svnpubsub. Thanks to infra@ for their assistance.

New PMC Members

New Committers

Mark Struberg was invited by the Geronimo PMC to join the project as a committer.
