      - [geronimo](#)
      - [shutdown](#)
      - [startup](#)
      - [upgrade.jar](#)
  - 7. [Deployment plans](#)
    - [Deployment Plans-Level-1](#)
    - [geronimo-application.xml](#)
    - [geronimo-application-client.xml](#)

- geronimo-ra.xml
  - geronimo-web.xml
  - openejb-jar.xml
8. XML schemas
- geronimo-application-1.1.xsd
  - geronimo-application-client-1.1.xsd
  - geronimo-connector-1.1.xsd
  - geronimo-web-1.1.xsd
  - openejb-jar-2.1.xsd
  - web-app\_2\_4.xsd
9. Sample applications
- Advanced plugin sample
  - DB Pool Testing sample application
  - EJB sample application
  - Exposing Web applications on distinct ports
  - Geronimo Tomcat Context Level Clustering - Sample Application
  - Geronimo Tomcat Host Level Clustering - Sample Application
  - JMS and MDB sample application
  - LDAP sample application
  - Simple database access sample application
  - SPECjAppServer2004
  - Very simple example of CMP EJB
  - Very simple Session EJB example
  - Web application security sample
  - Web services sample application
10. Migrating applications from Geronimo v1.0
11. Migrating to Apache Geronimo
- J2G Migration Tool
    - Building J2G from source
    - Using J2G
  - JBoss to Geronimo - EJB-BMP Migration
  - JBoss to Geronimo - EJB-CMP Migration
  - JBoss to Geronimo - EJB-MDB Migration
  - JBoss to Geronimo - EJB-Session Beans Migration
  - JBoss to Geronimo - Hibernate Migration
  - JBoss to Geronimo - JDBC Migration
  - JBoss to Geronimo - Security Migration
  - JBoss to Geronimo - Servlets and JSPs Migration
  - JBoss to Geronimo - Web Services Migration
