

How to prepare and contribute patches

Important

Currently under construction! Don't use these instructions yet as these aren't finished and require discussion.

Some existing projects that could be used as a seed:

<http://cocoon.apache.org/2.1/howto/howto-patch.html> <http://httpd.apache.org/dev/patches.html>

Ensure we discuss:

- code conventions
- no use of @author tags
- copyright headers - http://mail-archives.apache.org/mod_mbox/www-legal-discuss/200606.mbox/%3c1551070F-EDE7-40DC-9C97-79BF24E9FD59@apache.org%3e
- ??
